OUR HISTORY

Swiss is a dynamic, forward-thinking brand, focused on innovation and taste. By delivering a wide array of flavours to our consumers' tastebuds, we strive to add value to their everyday lives.

Our consumers recognize our brand as one of quality and dependability, one they can trust without hesitation. We take pride in caring about our families, our communities and our country as we have proudly grown into a much-loved household Caribbean name.

With over 60 years of heritage in producing quality foods for the local and regional markets, Swiss became a household name in 1986 with the launch of its line of condiments including, ketchup, and BBQ Sauce, with Pasta being introduced later in 1998.

OUR PASTAS

Don't worry, you don't have to be Italian to know all the fantastic pasta dishes you can cook with the Swiss. From Fettucine Alfredo to Spaghetti and Meatballs, all you need is a kitchen and some imagination!

Swiss pastas are produced on the newest and most state-of-the-art pasta manufacturing line. They range from macaroni, spaghetti, lasagna, angel hair and fettuccini to a dazzling array of 'short cut' pasta like twists, penne, elbows, bow ties, and we even offer specialty items such as Cheese Dinner assortments (Mac A Cheese & Penne Alfredo to name a few), and Chinese Noodles (straight and nested).

With so much to offer, this is why we are the #1 selling pasta in Trinidad & Tobago and much of the Southern Caribbean!

PASTA - LONG CUTS

OUR CONDIMENTS

Swiss condiments are a household name within Trinidad and the Caribbean region and prides itself on using quality ingredients in every pack.

We introduced the revolutionary Swiss Katerpak format, for the convenience of restaurants and caterers, followed by the smaller Econopack pillows.

Our most popular innovation, the “spouch”, is a pouch with a spout and cap, this format proudly holds our ketchups, mustards, mayonnaise and barbecue sauces. We were the first to bring this type of packaging to the Caribbean region, and consumers have embraced it. The Spouch can be folded and squeezed as it is used, thus taking up less precious space in the kitchen cupboard. The packaging also allows us to offer our condiments at a lower price point than bottles, and without compromising our business sustainability.

MAMBO SAUCE

The Swiss kitchen has always been a melting pot of flavors, so by continuing our focus on product innovation, we decided to spice things up with Mambo sauce.

This is a versatile condiment sauce that can be used to dip, grill and marinate its way into the heart of your kitchen.

Paired perfectly with fries, wings, wontons and just about everything else. hence why we coined this sauce, our 'Everything Sauce'.

PASTA SAUCE

Our Swiss Pasta Sauce is a traditional tomato-based sauce, and one of the newest additions to our condiments range. It offers a light consistency, while maintaining a flavorful taste profile.

This is the perfect pairing to our Swiss Pasta and offers an affordable price point to our consumers, without compromising on quality or taste.

We chose to offer this SKU in our signature 'spouch' format which offers convenience while also setting us apart from all other competitors on the market.
